

SIMULTANEOUSLY CUTS, EXCAVATES AND MANAGES MATERIAL

START TO FINISH: **ONE MACHINE.**

Vermeer leads the pack with its advanced trenching technology. With industry-leading control systems, safety features and warranty coverage,

Vermeer is a premier choice over excavating, blasting or other trenching options. Designed to cut, excavate and manage material in one pass, trenchers are efficient, assisting in lowering your overall production cost per foot.

For more information, contact your local Vermeer dealer or call 1-888-VERMEER.
